

Startel's Healthcare Contact Center Investment Program

Investment Options that Enable You to Keep Pace with Emerging Technology

At Startel, we understand the resource constraints, technical requirements and regulatory challenges facing today's healthcare systems, and we are happy to help our clients overcome them with our Healthcare Contact Center Investment Program. We offer you the option to make a capital investment for the whole amount of your Startel contact center installation or upgrade, pay for the investment in installments over time, or as a lease that becomes part of your operating budget. To learn more about this program, contact us at sales@startel.com.
