Since its founding in 1980, Startel has established a loyal customer base from a variety of industries, including contact centers, education, government, healthcare, insurance, telephone answering services and utilities. Today, Startel has customers in 43 states across the United States as well as Canada, Central America, New Zealand, and Switzerland all benefiting from Startel's solution and service offerings.

Our People

At Startel, our people represent the competitive and innovative force behind everything we do. Our employees come from all over the world, with a broad diversity of education and professional backgrounds, but they are all bound by a shared passion to serve and innovate. When you engage our team you get unrivaled access to our extensive knowledge of proven business process, best practices, and technologies.

Our Solutions

Startel understands the cost and resource challenges facing many of today's companies and is pleased to offer the marketplace with comprehensive and affordable solutions designed to deliver measurable results to our clients.

Unified Communications: Integrate your key communication channels in one complete package with Startel's Unified Communications solution offering. Call, email, text, IM, SMS, page and fax all from your Startel Soft Switch and benefit from universal access, enhanced communication, greater collaboration and improved continuity across all business processes.

Business Process Automation: Save time & money by automating time-consuming tasks and processes. With Startel's Business Process Automation solutions you can schedule appointments and send reminder confirmations, automatically record all agent-customer conversations and receive real-time reports when you need them.

Performance Management: Gain real-time insight into the performance of your organization, your systems and your employees with Startel's Performance Management solutions. Use the reports, evaluations and analytics to identify areas of opportunity and when needed, take action to improve processes, communication & delivery.

“Startel’s staff is incredible. From their sales reps and trainers to their installers and remote service team – they are all so responsive and supportive. They truly understand the sense of urgency in a healthcare setting and the need to maintain a redundant and reliable system.”

Maureen DiTore
Director,
Telecommunications,
The Valley Hospital

Our Services

We’re dedicated to helping our customers maximize their technology investment and achieve operational efficiency. We help them achieve these results, along with their other business objectives, through the following services:

Customer Support: Our customers’ needs come first at Startel. Startel’s commitment to customer satisfaction extends to our highly skilled team of field technicians, located throughout the U.S. and ready to help at anytime of the day or night. Our goal is to keep your organization operating at peak efficiency 24/7 x 365.

Education Services: Startel’s training programs are designed to match our clients’ needs. We help Startel users achieve their business goals and get them up and running quickly so they can focus on what matters most to them – providing excellent customer service to their clients and their clients’ customers.

Professional Services: Take advantage of our consulting, software development and third-party integration services! Startel’s team of experts are here to help you leverage your technology investment through innovation and proven contact center and TAS best practices to achieve your business goals while reducing the risk of doing it yourself. Our main objective is to help provide you with the highest return on your investment.
